

Dear 2<sup>nd</sup> Grade Families,

In preparation of an emergency school closure, the second grade team has come up with a contingency plan for academics. It is recommended that students spend a total of 2 hours daily on the following subjects. Most of the sources are online, however, if no internet access is available, pencil and paper activities will be provided. Teacher office hours are 10 am to 2pm, Monday through Friday. This is when we are available to communicate via email.
